LIVING NATIVITY CHOIR REHEARSAL DATES ANNOUNCED

Mrs. Lyn Bristol, choir director for the Living Nativity Pageant, has announced dates and times of rehearsals. Only three rehearsals, all very important, will be held to prepare for this event. On Sunday, Dec. 11, 6:30-8 p. m. and Wednesday, Dec. 14, 6-8 p. m., participants will meet at Sue Farrar's dance studio and on Saturday, Dec. 17, on the Common. Everyone please try to attend, especially on Dec. 11 as parts will be assigned at that time. More voices are needed especially alto, tenor and bass, so plan to be there.

FINAL SHOT GIVES MESSALONKEE 62-61 WIN OVER TELSTAR WEDNESDAY

Dave Blethen's 10-foot jump shot with six seconds left denied a Telstar upset effort and gave visiting Messalonskee a 62-61 Mountain Division basketball win Wednesday evening over the Rebels. The result leaves both teams with 14 records.

MAINE'S MINIMUM WAGE GOES TO \$2.65 ON JAN. 1, 1978

Maine's minimum wage will increase to \$2.65 per hour on Jan. 1, 1978. This will cover all employees presently subject to the Maine Minimum Wage Law but students who are less than 19 years of age may still be paid 75% of the regular rate, which will establish a minimum of \$1.99 beginning Jan. 1.

The base salary will remain at \$150 per week for those employed in the executive, administrative or professional capacity in order to be exempt from the Maine minimum wage and overtime provisions.

The new hourly rate of \$2.65 will be the same for all places of business currently subject to Maine law regardless as to the size of the business or number of employees. Many establishments are subject to both State and Federal wage standards, but the employer must pay whichever gives the higher benefits for employees. This means that employers who are subject to the Federal law will not be able to use the Maine student rate. Although Maine law calls for the State to increase to the same as the Federal next January, it does not change any other part of the Maine law.

The Bureau warns that employers should be aware of this change.

NORTHWEST BETHEL HOME DESTROYED BY FIRE TUESDAY EVENING

A fire of undetermined origin destroyed the home of Mr. and Mrs. Frank Murphy in Northwest Bethel Tuesday evening.

The Bethel Fire Department, called out at 8:30 p. m., was hampered by lack of water at the scene, and the two fire fighting units could not put enough water on the blaze to hold it in check until another load could be hauled from approximately a mile and a quarter away.

Mrs. Murphy said that she had been visiting her mother-in-law during the evening and upon returning home she found the inside of the house in flames. All personal possessions were lost as no one was able to enter the structure.

By 10 o'clock the house was nearly levelled with the roof caving in and the walls collapsing. No immediate estimate of loss was available but it was believed that the home was insured.

SMITH RE-NAMED AS S. A. D. #44 SUPERINTENDENT AT MONDAY MEETING

Kenneth Smith, superintendent of schools of S. A. D. #44 since July 1, 1976, was approved to continue serving in the position through June 30, 1979, at the meeting of the S. A. D. #44 board on Monday evening of this week.

In other business during the meeting held at Telstar Regional High School, the board authorized the superintendent to execute a lease for a small parcel of land owned by the Bryant Pond Baptist Church adjacent to the Woodstock Elementary School. The plot is a small piece of land in front of the school on the easterly side of "no name" brook, which until the school property was surveyed this year, had been assumed to be district property.

The board approved a revised constitution and by-laws governing the Cooperative Board of the Northern Oxford Vocational Area (NOVA).

The board voted to participate in the Maine School Management Association Unemployment Compensation Fund as a means of providing unemployment compensation protection to its employees.

The directors approved a total of 24 field trips for S. A. D. #44 students during the balance of this school year. The trips approved were destinations more than 50 miles distant. Trips under 50 miles do not require prior board approval.

Authorization was granted for the superintendent of schools to accept bids for the sale of two 66-passenger school buses.

By board action the meeting of Dec. 19 was cancelled. Also the meeting schedule in January was revised. Regular board meetings will be held on Jan. 9 and 23 (the second and fourth Monday). The Jan. 9 meeting has been scheduled to be held in Andover.

Telstar Principal Dr. Wayne Gerson introduced Bonnie Dennis, a junior, of Newry; and Mike Morrill, a sophomore, of Bethel, representing the Student Council, who reported on activities at the school.

Supt. Smith noted that a further meeting will be taken up in an in-depth discussion of the Child Abuse and the Child Neglect Law. He also mentioned that the town of Hanover will act on an article at their next town meeting that would require future Hanover students to attend Rumford schools. Currently there are Hanover students attending S. A. D. #44 schools on a tuition basis.

Directors absent Monday evening were: Bettyann Hastings, of Bethel, and Andrew Hinkley of Woodstock.

The next regular meeting of the board will be held at the Andover Elementary School on Monday, Jan. 9.

BETHEL'S LIVING NATIVITY —PREPARATIONS UNDERWAY

On Sunday, Dec. 18, Bethel's Living Nativity will be presented with performances at 4:30 and 5:30 p. m. Church bells will announce each performance, calling families and neighbors to the Common to share in this moving portrayal of the Christmas story.

But long before those bells ring, volunteers are surrounded by the tasks of preparation. There are sheep to be found and songs to be rehearsed, a manger to be created and a myriad of details to be handled.

This year's Nativity is chaired by John and Marion Vrabec. Sue Farrar, instrumental in the Nativity tradition since its conception, is director. Fred Werner is narrating, with Lyn Bristol leading the choir. In charge of costumes are Emily Saunders and Kay Chadbourne. John Laban is arranging for the animals. In charge of make-up is Christine Greenleaf. Between performances, participants will be warmed by coffee provided by the Lions Club and Rotarian wives have volunteered to organize the dinner following the pageant.

Help is still needed! Pieces of fabric for costumes are in short supply. If you have old sheets or pieces of bright, plain-colored cloth, please make them available to the costume crew. Volunteers to help with costumes are also needed. And more shepherds would be greatly appreciated.

Please call Marion Vrabec at 824-2013 with questions or offers of help.

BRYANT POND COUPLE NOTES
45th ANNIVERSARY

Mr. and Mrs. Harold G. Tyler, Bryant Pond, observed their 45th wedding anniversary at their home on Lake Road, Bryant Pond, on Sunday. An open house was planned by their son and daughter-in-law, Mr. and Mrs. James H. Tyler, Rumford, assisted by family and friends.

Mr. and Mrs. Tyler were united in marriage at the Bethel parsonage of the Congregational Church on Dec. 3, 1932, by Rev. Edwards with Eva Lord, a sister of the bride, and Murray Ring, as attendants.

The Tylers have resided in Bryant Pond all their married life and both are now retired. Tyler operated a garage in Bryant Pond for 48 years and also served as fire chief, retiring and selling the business in 1976. Mrs. Tyler was a secretary in the office of Stowell Wood Products for many years, retiring in April of 1977.

Mr. and Mrs. Harold G. Tyler

Decorations for the affair were sapphire and white, with floral arrangement as a centerpiece, presented by the Jefferson Chapter O. E. S. of which they are Past Patron and Past Matron.

Among the many gifts was a 45th anniversary plate from a sister, Gladys Spencer, who was unable to be present, and a rose corsage and carnation boutonniere presented by their son and wife.

The oldest guest present was Mrs. Tyler's uncle, Walter Lord, 95 years of age.

Refreshments were served with two decorated cakes, made by Bethany Bean and Ernie Tyler.

Guests were present from Bryant Pond, Waltham, Mass., Waterford, Rumford, Bethel, Locke Mills, South Woodstock, West Bethel, West Paris, South Paris, Mexico, Charleston, and Oxford.

The Daughters of Veterans will meet at the home of Alice Hoyt on Monday, Dec. 12. This will be the Christmas Party with exchange of gifts and a tasting party.

The Woodstock Extension will meet on Thursday, Dec. 15, at the home of June Demarest, South Woodstock. This will be a Christmas party and make favors for shut-ins. There will be an exchange of gifts.

Looking ahead at special things at the Baptist Church, Dec. 18 at 7 p. m. will be a play, "Why Christmas". Dec. 19 at 7 p. m. will be the Sunday School program, film and tree, and Jan. 1, at 7 p. m. will be a play "The Run Away Heiress." Everyone is welcome to any or all of these services.

Mr. and Mrs. James Cobb have received word of the birth of a granddaughter on Dec. 4. Spec. 4 and Mrs. Donald Lawrence (nee Becky Cobb), Fayetteville, N. C., are receiving congratulations on the birth of a daughter, Donna Helen, on Dec. 3. She weighed 6 lbs. 12 oz. She was born on her great grandparents', Mr. and Mrs. H. Cobb's, 50th anniversary. Paternal grandparents are Mr. and Mrs. Andrew Lawrence, Sea Cliff, Long Island.

IN APPRECIATION

Joe and Eveline Barrett wish to thank their many relatives and friends for their attendance, gifts, flowers, and everything that helped make our Open House so wonderful. Special thanks to our sister, Doris Lawrence, and all her helpers. Everything is appreciated.

— Eveline Barrett, Corres. —

Mr. and Mrs. Joe Barrett

Joe and Eveline Barrett celebrated their fiftieth wedding anniversary at their North Paris home Dec. 4 and greeted their many relatives and friends in grand style. Mrs. Jeanne Millett, niece, had charge of the money tree, Maureen, Sherry and Brenda Millett circulated the guest book which was a gift of Joe's nieces, Dolly Ippolito and Gerry Manning of Newton, Mass., along with a lovely golden corsage with the numeral 50 on it and a boutonniere for Joe. A niece, Elaine Dubois, nephews Walston Barrett Jr. and James Barrett, Mexico, brought a lovely centerpiece of flowers. The beautiful anniversary cake was made by Mrs. Bethany (Andrews) Bean of Byron. It was a work of art and the bride and groom on the top section also decorated my parents' (Mr. and Mrs. Frank Coffin) cake on their fiftieth wedding anniversary March 16, 1949.

When I brought the ornament home after my mother passed away Nov. 25, 1959, I never dreamed that one day it would grace our anniversary cake. Mrs. Bean added two new gold leaves. It was too pretty to cut. One hundred twenty friends and relatives were present. Joe and Eveline were married Dec. 6, 1927 at the Bryant Pond Baptist Parsonage by Rev. A. W. Young. The weather was frigid and the snow banks were very high.

Mr. and Mrs. Herbert Stevens were in Norway on business Monday, Dec. 5.

The Cohens moved on Sunday to the Phil Hyams and baby Jason is happy to be with the grandparents. Doris Lawrence was on vacation from Penley's Mill last and had a busy week. Monday, she and Root went to Lewiston for new lenses. Called on the Emerys at Mechanic Falls. The Cards, Norway had supper with them Tuesday. Friday Doris visited Doris Desilets, Norway, and Dot Smith and Fay Eastman joined them for supper. Saturday, she and Root went to Byron to pick up the Barretts' anniversary cake and called on her niece and family, the Norman Abbotts then called at the Norman Millets for Brenda who spent the week end with them.

Eveline Barrett caught a chipmunk Sunday during the afternoon. Maybe the guests startled it and it didn't look where it was going.

ROUND MOUNTAIN GRANGE
CHRISTMAS PARTY DEC. 19

They will be under the direction of Mrs. Leslie Aaron. The program will be followed by the exchange of gifts.

Greenwood City

— Mrs. Colista Morgan, Corres. —

We are on the threshold of another winter season. One night the soft white silence floated down. The sculptured shrubs for a time were etched with diamonds and capes that were priceless.

The blue jays that morning were reprimanding one lonely junco at the bird feeder while two red squirrels were romping beneath. But the most friendly visitors of all are the chickadees which perch on the window sills or on my hand for crumbs or seeds. They'll be with us through the long slow hours when there are driving winds and cold. They'll etch those days to come with a bit of cheer. Their pleasing notes will come through frost or swirling snow.

I have been out very little this week to visit the fields or woods. But for a short time I roamed toward the farm fields. Crunch! went the snow under the frost crystals, as I stepped off the path. It seemed like stepping into a boiled cake frosting which was perfectly hardened.

Skirting a ridge, I saw a tiny road which crawled through the hemlocks. It then lost itself in a deep hollow. On each hill it raced on triumphantly once more sure of itself, rambling at will. Rabbits used this path for a guide; little creatures trembling in happiness.

I was reminded of the deer I saw one night when I was on my way to the hospital; a doe love in movement. It was the day after the closing of the hunting season. Do you suppose she knew? All around me the distant fields and stand of trees lay frozen in motionless air. I lingered a longish while, looking out over the farm, today a winter splendor of sequins beneath the glittering sun.

On the wall, prospecting and frisking, their tails twitching, heads down, were two red squirrels. One found an apple most as large as he was. He tried to carry it up a small rise, lost it and it rolled back to the hollow. He tried again and he lost it. This time he climbed a tree and went out on a limb to view the situation. He looked at it as much as to say, "Your fault!" On the next try he made it to the top of the hill and then to the wall. From there he carried it to a croch in the tree where he deposited it for future use.

The very expression of the country face had changed since I was there the last time. It was a scene out of Thoreau's America—a valley, old rocks, and tall peaceful trees. It was a time to remember that the earth is our inheritance and good cheer.

I stood for a moment looking down the hillside into a world so silent and peaceful and thought about the country sounds that at times break the hush of the snow. From across the pond came the bark of a dog which was at once quieted. The countryside again returned to silence.

I then turned toward home glad for this short time in the very perfection of an early winter's day and remembering how every twig stood like scratches of a pen, and how a blue jay settled like a blot of ink.

Annie Mills returned home to Shapleigh on Saturday after staying with me for a week.

Clyde Morgan returned home from Stephens Memorial Hospital on Tuesday.

The Brennans were here at their cottage over the week end. Franze Mills, Shapleigh, came to see Clyde on Tuesday and had dinner with us. Other callers were Carl and Lettie Brooks, West Paris; Mr. and Mrs. Lewis Britton and daughter, South Paris; Frank Curtis, local.

Annie Mills and I visited Ruth Hastings at the hospital on Friday. She is gaining in strength.

At the Hayes Homestead the Hayes boys and their families were

EAST STONEHAM FIRE DEPT. PLANS NEW RESCUE UNIT

Fire Chief Albert Fox of Stoneham, announced today that his department has high hopes of adding a rescue unit to its Volunteer Department. Chief Fox stated that plans are now underway to purchase a completely equipped ambulance.

Chief Fox stated that the rapid population growth in the towns of Waterford, Stoneham and Lovell coupled with the rapid sales of time-sharing condominiums at Evergreen Valley Resort certainly justify such action. He went on to say, "that for the past several weeks a citizens group has been meeting once a week to discuss how to raise the \$25,000 needed. This group formed a committee for formulating such a plan of action. Their answer, game parties. The committee consists of William Duntion, chairman; Shirley Raute, secretary; Susan Dammun, treasurer; and Peter Stone, chairman of the game committee. Letters were sent out to tax payers in the surrounding area asking for donations to purchase game equipment. The response has been great. To date \$1800 has been raised and the first game party held in the cafeteria at Evergreen Valley Resort on Tuesday, Dec. 6, and will be held at 7:30 p. m. every Tuesday thereafter." Chief Fox went on to say that all money raised will go directly to the Rescue Unit, a part of the Stoneham Fire Department. He also said that if anyone wanted to make a tax deductible donation that they should make their checks payable to the Stoneham Rescue Service and send them to Box 4, East Stoneham, Me. 04231.

Chief Fox said that plans are now underway to start a training program and the public will be kept informed and urged to attend. He also said that when the Rescue Service becomes operational it will serve Stoneham, Lovell, North Waterford, South Albany and Evergreen Valley Resort at no charge.

TELSTAR GIRLS GET OFF ON WRONG FOOT

The Telstar girls' basketball team started its season of 1977-78 with a crushing loss to Dirigo and a postponement.

On Dec. 1, Dirigo took command of the situation from the start. The first quarter score was a tumultuous 28-0. Dirigo was superb in everything they did. Their ability to execute quick, sharp-looking plays was excellent while Telstar took the blows. The Telstar team was cursed last year with nearly 20 losses marked up to 3 wins. Luck doesn't seem to come easy to the team. A reasonably sized crowd did show up to urge the girls on, but the cheers couldn't help them to come back from their first quarter deficit. The final score was an overwhelming 78-19.

Telstar's majority of points were scored by Pam Bean (6), Brenda Mills (6), and Cathy Emery (4). Tuesday, the girls were scheduled to play Messalonskee, but the game was postponed due to the weather. It was played on Wednesday, but due to the time of the writing of this paper, the results will be printed in next week's article.

The members of the team are as follows: Patty Owen, forward. Patty is returning for her last year with the team. She is the only senior. There are eight juniors: Cathy Emery, Brenda Mills, Wendy Davis, Kelly Flynn, all forwards; and guards Tania Hathaway, Susan Dugay, Pam Bean, and Lori Gammon. There are two sophomores: Beryl Martin and Carol Davis, both forwards.

There is only one freshman on the varsity team. She impressed quite a few people, including me, at the first game. Her quickness and spur of the moment plays should be quite an asset to the team. Her name is Marlene Bean and she plays guard.

All I can say is that I hope the team can conclude their season with a better record than last year's. Good Luck, Telstar.—Julie Martin.

From Augusta

By R. L. Bergeron

In less than a month, legisla-
tors will be back in Augusta for
the second regular session of the
100th Maine Legislature.

Leadership hopes it will be a
different session, that lawmakers
will not be idle the first few
weeks waiting for bills to be drafted
and sent to committee.

Since the solons went home in
July, legislative assistants have
been working on study orders left
them from the first session.

House Speaker John Martin says
he thinks it'll make a big differ-
ence and that committee hearings
will be scheduled the first week
back under the dome.

Some 50 orders were left to be
studied, with subjects ranging from
state-wide dog controls to health
care costs. It is expected that about
75 bills will be generated by
these studies and be ready on Jan.
4.

\$39,000 has been spent these
past five months on expenses for
aides and legislators... sending
them to meetings and conferences
to bring back information needed
to better know a subject.

Speaker Martin's optimism is not
shared by rank and file members.
Most of those we have talked to
are in doubt about how speedy the
session will get into swing.

Although the Governor has not
yet announced his legislative pro-
gram, it is expected to contain
about 50 measures, including all
the departmental requests.

For the past several sessions an
effort has been made to get bills
pre-drafted in order to get hearings
started shortly after the session
started. All efforts have usually
failed.

selves asking things to be speeded

ers are required to pay back wages
and overtime to their em-
ployees when violations are found
and in past years, some employ-
ers have been required to pay
large amounts in back wages be-
cause of error or lack of knowl-
edge of the law.

As a matter of fact, the Bureau
has already had correspondence
with many employers who thought
that the new Federal law would
not affect them because of the
size of their business. They did
not realize that the Maine mini-
mum rate will increase on the
same date to the same level.

In the past, some employers
have tried to offset the wage in-
crease by deductions from em-
ployee paychecks that are illegal,
such as board or lodging that em-
ployees do not actually receive
and, in some instances employers
try to charge their employees for
cash shortages or damages to
property.

Information pertaining to the
State Minimum Wage Law may

Bureau of Labor, in Augusta. In-
formation on the Federal law may

partment of Labor, in Portland,

HURRICANE ISLAND OFFERS WINTER PROGRAM

When was the last time you em-
barked on a true adventure vaca-
tion? A vacation with mystery,
challenge and a good measure of
unknowns attached to it.

Men and women 16½ years and
older who seek revitalization are
now enrolling in the Hurricane
Island Outward Bound School's
winter programs, offered in Maine
between early January and the
end of March. Students, teachers,
professionals and housewives look-
ing for personal growth through
adventure are enrolled in the 10
day backpacking course.

Outward Bound has grown enor-
mously since its beginnings in
the U. S. in the early 60's. Estab-
lished to help young people learn
more about themselves through
outdoor education, Outward Bound
has grown in the U. S. by offer-
ing more for older people each
year. Sixty-seven percent of those
completing Hurricane Island's
winter courses, last year were 21
years or older.

The focus of the 10 day winter-
course is learning to live com-
fortably in the cold. Students are
equipped by the Outward Bound
School with winter parkas, boots,
sleeping bags, tents, skis and
snowshoes suitable for expedition-
ing and camping in cold tempera-
tures. Most participants have had
little or no experience with winter
mountaineering, so the early days
of the course are spent learning
the essentials of living without the
supports of civilization. Orient-
eering, first aid, shelter building
and expedition planning are some
of the skills to be mastered during
the intensive ten day course.

Midway through the ten days,
students go off individually on
their "solo"—a two day chance
to be completely alone in the
winter wilderness, practicing new
found skills and having time for
introspection and reflection in the
stillness of a snow-blanketed for-
est. Once returned to the group, a
final expedition is planned. Last
year groups were able to climb to
the top of Shelburne Mariah and
were rewarded with an unforget-
table view of the Presidential
Range and the White Mountains.

Perhaps the most important in-
gredient of any Outward Bound
course, summer or winter, is the
sharing of skills, successes,
friends and experiences.

Hurricane Island Outward
Bound offers courses winter and
summer in Maine. During the
winter months of January, Feb-
ruary and March, the course sites
are in the Mahoosuc Mountains of
western Maine. From early May
to mid-October, sailing courses are
offered along the coast from the
school's headquarters in Rockland,
and from its major island base,
Hurricane Island at the mouth of
Penobscot Bay. In addition, sailing
courses are offered between Nov-
ember and March in the Florida
Keys and Everglades.

FOURTH GRADE FIELD TRIP VISITS CITIZEN OFFICE DEC. 2

On Friday, Dec. 2, Miss Newcomb's fourth grade spent a very enjoyable hour visiting the Bethel Citizen. The students were shown the various steps it takes to print a newspaper, from setting the type to folding the finished paper. The trip was made in conjunction with the class's year long project of writing a school newspaper and publishing an issue each month of the school year.

The class would like to thank the Citizen's staff for their time and for being so patient and answering their questions.

At the museum Grade 5 students were involved in a one hour program on Technology of the Revolutionary War. During this time they were able to work with flint lock muskets, making musket balls, grape shot clusters for cannons, and was able to learn how a cannon operated. The purpose of this program was to show students the difficulties which colonial soldiers had in comparison to present day soldiers.

A Century Ago

—From The Oxford Democrat— December 4, 1877:

Bethel—There seems to be no branch of farming which has been subject to more ups and downs, and in which the prices of the product have varied so much as hop growing. We have farmers among us who have made quite a fortune from their yards in two or three years following the next two or three years lost more than they had made. Our farmers have come to the conclusion the crop is not a certain one,—often succumbs to a few days of unfavorable weather. Twenty years ago, soils which produced a ton to the acre, will today, with the best of cultivation, produce not more than 600 to 800 pounds. This year the crop is in the grover's hand, and the price offered will not cover the cost of handling. We notice in many yards the poles have been pulled up, and the result of the present state of affairs will be the uprooting of probably one half the hop yards in the State.

Business has been quite lively this fall in our village, and promises well to continue through the winter.

J. C. Billings is putting up an addition to his carriage shop on Mechanic street which he intends for a paint shop.

Maj. G. A. Hastings has recently made improvements on his house in the way of raising up the main house and all two feet, grading up and put in two bay-windows fronting the street.

The amount of potatoes which have been shipped from Bethel this fall is much larger than has been for many years; price 40 to 45 cents per bushel.

The Bethel Steam Mill Company have now some fifty men lumbering on Dead and Diamond rivers, and intend to put into the Androscoggin 5,000,000 the coming winter.

Mr. George T. Lawrence, watchmaker and engraver, has fitted up a nice shop in the building formerly used for the post office, and is prepared to do all kinds of work at reasonable prices.

E. E. Morse has settled up with his creditors, and is going on in business as usual. C.

West Bethel—Our little band of temperance workers holds out well. The "boys" have showed themselves to be strong men during the new cider year. Club meetings are held every Monday evening at Bean's hall. Speakers are few, and to add to the interest, we have a paper, edited by the secretary, assisted by the ladies. Select readings are given by members of the Aid Society.

The Free High School taught by A. E. Herrick, in the hall, closed Friday. There has been a lyceum connected with the school. Debates, paper and other exercises were well concocted. All have been given evidence that the in-

SLIP-UPS IN DRIVING CAN LEAD TO SMASH-UPS —SAY STATE POLICE

The Maine State Police warns motorists that slip-ups in driving can lead to smash-ups this winter.

"With hazardous driving weather ahead of us, now's the time to realize that an ounce of prevention is worth a pound of cure," said Colonel Allan H. Weeks, Chief of the Maine State Police.

Motorists are urged by the Maine State Police to do the following:

—Start Slowly. Easy does it; don't rush it. Give tires a chance to grip on slippery surfaces.

—Keep your distance. You need a bigger safety margin for emergency stopping in winter.

—Light the way. Low beam headlights may be needed even in daytime during fog or snow.

—Adjust your speed. Varying road, weather, and traffic conditions call for varying speeds. Posted limits, safe for summer-time driving, may be far too high for winter.

—Plan ahead. Slow down well ahead of road junctions. Heavy traffic at intersections packs and polishes ice and snow to a deadly glaze.

—Pump Brakes. A series of fairly hard, rapid pushes on the pedal provides better stopping and steering control.

—See clearly. Remove ALL ice and snow from ALL windows before starting out. Be sure windshield wipers and defroster are functioning; carry brush and scraper.

Tires okay? Be sure all tires have good treads, but better yet, snow tires. Keep chains handy for worst weather.

—And, remind the Maine State Police, know the temperature. Ice at 30 degrees (F) is more slippery than it is at zero degrees (F).

struction has been excellent. The primary department, taught by Miss A. P. Mason, was well drilled, and afforded much entertainment at the closing exercises. A fine edition of Tennyson was presented to Mr. Herrick, by Blanch Stuart, in behalf of the school.

The grange store is about completed with a hall above it. O.

TELSTAR BOYS CLIP DIRIGO 72-6T IN HOOP OPENER

An improved Telstar quintet opened their 1977-78 season on the road last Friday night, defeating Dirigo by a 72-61 margin.

Telstar, which may surprise some teams this season in the Mountain Division of the MVC got balanced scoring as all five starters scored in double figures.

The Cougars held a 16-15 edge after the first period, but then got into foul trouble. Telstar, which enjoyed a 20-11 edge from the foul line, took advantage of the situation, grabbing a 34-28 lead at the half. The Cougars were somewhat hampered as standout guard Steve DiConzo was coming off a bout with pneumonia.

Dirigo stayed in the game for the third period, cutting the lead by one point, but the Rebels came on strong in the fourth.

Kendall Keniston was the Telstar scoring leader with 17 points. Right behind him were Bob Seames and Paul Richards at 15 points apiece. Dan Cummings had 13 and Mark Kendall added 10. Steve Robertson's 18 points led Dirigo. Kurt Ellis next with 11.

WALKING WITH JESUS CHRIST

Snow and Peace

Christmas cards nearly always depict snow and with it a beautiful scene. Yes, snow is beautiful, perhaps not to the one who must shovel it, but to most of us it makes for fun, sports and just to look at, beautiful.

Our Lord uses snow to describe purity, beauty and perfection—for example:—He describes Jesus Christ in Mark 9:3 and in Matt. 28:3, as follows:—"His countenance was like lightning and His raiment as snow". In revelation 1:14—"His (God) head and His hairs were white as wool, as white as snow".

The Lord tells us that snow is a sign of purity, sinlessness, clean and white. Can you imagine that our hearts can become clean enough to be acceptable to God? that we can come into His presence? Well, He tells us so in Isaiah 1:18, "Come let us reason together, saith the Lord: Though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool."

There's so many promises of God we can find in His Word.—He calls each and every one of us, you and me, to come to Him; as a little child, yes grown up too, weak as a child, asking him to clean us and to give us a new life, here and now, clean and white

as snow. In Job 38:22, God asks Job "Hast thou entered into the treasures of the snow?"

Have we entered into that peace that passeth all understanding? He tells; God does;—in Romans 10:9—"That if thou shalt confess with thy mouth the Lord Jesus, and shall believe in thine heart that God hath raised Him from the dead; thou shalt be saved."

David in Psalm 51:7 says "purge me with hyssop, and I shall be clean; wash me, and I shall be whiter than snow."

Yes, Christmastime, celebrating the birth of Jesus Christ, God who came to earth in human form—that through Him we might find joy and understanding, a life eternal in the Heavens—no more pain, no more sorrow. That's the promise of Jesus Christ, Our Lord and Saviour."

Come unto me all ye that are heavy laden and I shall give ye rest." Amen.

Rev. Wuori's Sunday, Dec. 4 sermon was entitled "An Alpine Advent." Rev. Wuori wrote this most appropriate description of Andover: "Andover, what an appropriate and beautiful geographical setting for our service today! Nestled in a valley surrounded by hills and mountains, our village provides the environment in which its habitants become self-reliant, and by reputation, individualistic and freedom loving."

We can celebrate the good things that have happened already this year. With the change in schedule starting in January, 1978 we are in a position to offer something new for our Junior High School age children. A confirmation class will meet on Wednesday from 7 to 8 p. m. in conjunction with our church school winter semester. The members of the class will join with the others for open worship and then have a 45 minute class under Rev. Wuori's direction. The class will progress through a curriculum which will lead to certification of achievement in Christian Education at the intermediate level. An impressive service entitled "The Rite of Confirmation" will be celebrated at the completion of the course, March 12, 1978 at 11 a. m.

Our fall semester is drawing to a close with the busy holiday on its way. Rev. Wuori would like to bring your attention to the following items.

1. Church School meets each Sunday at 11 a. m. 2. Junior Choir meets Tuesday evening from 6:30

Maude and Janice Harrington went to the dedication of the Stephens Memorial Hospital, Sunday.

John Harrington was inadvertently omitted from Maude Harrington's list of Thanksgiving guests. I'm sorry about that.

Mary Mills, Bolsters Mills, was here Sunday afternoon. She had returned on Thursday from a four day trip to Bethlehem, Penn. The Christmas lights were fantastic, especially the star on one of the mountains.

Mrs. Terry Wilson and Leslie Moore went to Norway, Monday.

If you can't reach us by phone, it is because our phone number has been changed. Hopefully the operator will have the new one soon to give out. I'd write it here but it seems the telephone company frowns on that as well as a lot of other stuff.

To 7:30. A Christmas Program is being planned Sunday, Dec. 18, at 11 a. m. 4. Wednesday, Jan. 3, 1978, 7 p. m. Church School for all classes, Grades 3 and up.

How beautiful the first big snow storm of the winter seems. It's funny how after three or four storms we don't see anything beautiful in them.

Mr. and Mrs. Paul Nevel left Sunday, Dec. 4, for a six week vacation in Florida, visiting Mr. and Mrs. John Day and other relatives.

The Brownie Troop of Andover was very happily surprised by the results of the food sale put on by their mothers. It was greatly appreciated.

PETER PERICLES VISITS HIS OLD GREEK ISLAND HOME

Peter H. Pericles was just a stowaway on a boat when he left his home on a Greek island some 68 years ago, but last August the retired Waterville businessman returned to his homeland as the honored benefactor who built a new bell tower for the church in his native village.

The trip was the first time Pericles, who started Colby Dry Cleaners in 1921, has visited Greece since his clandestine departure in 1910. It was also the first time he has seen his sister and other relatives in all that time, and the first time he has seen the bell tower which he spent \$5,000 to build in 1960.

The 88-year-old Benton resident was accompanied by his grandson, Ross Swain of Andover. The two travelers spent most of their time in the village of Anemotia, on the island of Lesbos, where Pericles was born and raised.

Although the island is populated by Greeks, it lies closer to the shore of Turkey than to Greece, and ownership of the island has changed hands a number of times. At the time of Pericles' flight from the island, the Turks were in power and Pericles chose to flee rather than be forced to join the Turkish army, possible "to fight against my own countrymen, the Greeks."

Pericles said that a mere two years after his departure, war in fact did break out over possession of the island, with the Greeks winning it back.

The whole village turned out to meet the mysterious American benefactor who left the village long before most villagers can remember. His presence attracted a crowd wherever he went in the village and, at the conclusion of the visit, he was honored from the pulpit of the church to which he had donated all of the funds needed to construct a new stone bell tower.

In a recent interview Pericles recalled with a smile the time he had angered a man who approached him seeking funds for construction of the bell tower in 1960. Asked if he would contribute toward the project, Pericles had refused, causing the fund-raiser to begin leaving, obviously angry at Pericles' refusal to help the church of his home village. Pericles stopped the man in his tracks,

Mr. Pericles' Bell Tower on the Greek Island of Lesbos.

however, when he added, "No, I won't contribute toward the tower, but I will pay the whole cost of it myself as long as I'm the only donor."

The bell tower was finished in 1962, replacing an old wooden bell tower, and Pericles' name was inscribed on a marble slab in honor of his generosity. Although many reports from friends and relatives reached him describing the beauty of the tower, Pericles waited 15 more years before finally viewing the structure for himself.

He reported that the tower had fulfilled all of his expectations, although he was a little disappointed that a clock mounted at the top of the tower was not in working condition.

"They told me that the clock was from Germany and they'd have to get a repairman from Germany to fix it," he said, adding that he wasn't quite satisfied with that explanation.

During the course of the trip, Pericles and Swain rode donkeys down into a valley on the island to inspect a piece of land which Pericles had inherited. Pericles then sold the land to a local man, but later found that the Greek authorities would not let him take the money on the deal out of the country. Most of the money was eventually donated to his sister and other relatives.

Although Anemotia's store and stucco buildings still look the same as they have for centuries, Pericles was struck by the enormous changes in the life of the village since he was last there. At the time he lived there, "there was no electricity or phones or any of the modern conveniences available at all," he said.

He said now the villagers "have got an easy life compared to how it used to be."

Mr. and Mrs. Leroy Smith, Iva Fox, called on their cousin and wife, Errol Barker in East Stoneham.

Edith Holt visited at the Smith's Sunday.

Sixty people enjoyed the pot luck dinner at the United Church of Christ Sunday night. Plenty of food and a good family time was had.

Our grandson, Bruce Bassett is in Florida for the winter. I wish him luck. I'll take my chances here in Lovell.

Callers on Iva Fox and Fred Sunday evening: Leroy, Pauline Smith, Steve Fox, Linda, Neal Allen.

Roy Smith worked for John McKee some last week.

The Arthur Weeks, who have built a new house not far from Kendall's Corner and are from Massachusetts, within a few weeks past bought a new pickup truck. It was locked up, but stolen. What a loss. Not found yet.

Feels like snow, 16°. I am on wreaths. Guess winter is around the next corner.

MAINE RESIDENTS TO HAVE HALF PRICE SKIING AT SUNDAY RIVER, DEC. 10-11

Residents of Maine can ski for half price during Maine Weekend, Dec. 10 and 11 at the Sunday River Skiway.

"The purpose of Maine Weekend is to show people in our own home state the quality of skiing and services we provide season-long at Sunday River," said Les Coten, General Manager.

This year skiing began on Nov. 19 after round-the-clock snowmaking produced skiable terrain on a one and a half mile intermediate trail.

Throughout the winter, Maine residents are also invited to participate in Sunday River's introduction to skiing: one day on the house, which will include lift ticket, 1 1/2 hour lesson and GLEM equipment (skis, boots, and poles) to those who have never skied before. This program's available on week days, Monday through Friday except holiday weeks.

For additional information on Sunday River, call (207) 824-2187.

55 M. P. H. SPEED LIMIT APPLIES TO ALL DRIVERS

The Maine State Police advises motorists that the 55 mile per hour speed limit on the Maine Turnpike and Interstate system pertains to all drivers.

"Individuals who take it upon themselves to 'clock' other drivers who are exceeding the speed limit are violating the law themselves," said Col. Allan H. Weeks, Chief of the Maine State Police.

For example, the State Police chief said, if an individual who is going 60 m. p. h. in a 55 m. p. h. zone is counting everyone passing his or her vehicle, he or she is, in fact, breaking the speed limit, too. A result being that the reported average speed of 58.8 m. p. h. on the Interstate and Turnpike cannot come down, but, in fact, will creep up by the noncompliance.

"As I have said before, the key to keeping the speed on the Turnpike and Interstate system at

ATHLETIC BANQUET HELD AT GOULD LAST THURSDAY

On Thursday, Dec. 1, the Athletic Department at Gould Academy held its annual fall term banquet and awards ceremony.

The Gehring Hall Dining Room was decorated for the festive dinner that included steaks for everyone.

Athletic Director Bob Hopkins welcomed all the athletes and coaches and praised all competitors for their spirit, determination, sportsmanship and competitiveness. He then introduced Donald W. Fudge, Headmaster of the Academy who seconded Hopkins' introductory remarks and added that in this day and age, it is hard to be an athlete. Because of the increase in outside activities, fewer students are willing to make the commitment of time and effort to play sports. He congratulated those present, both varsity and junior varsity for electing to compete.

Girls' Field Hockey Coach, Bonnie Pooley, introduced her squad and awarded the following varsity letters. Seniors: Cory Roberts, Libby West, Marianne Cousins, Amy Vogt, Tammy Lunt and Jenny Lessebaum. Juniors: Rachelle Dionne, Debra Moore and Stephanie Morang. Sophomores: Nancy Stowell, Lisa Fawcett and Lisa Cote. This year's captain was Jenny Lessebaum who also received the most valuable player award. The best defensive player trophy went to Amy Vogt and Lisa Cote was selected by her teammates as most improved. Jodi Barringer received a special award as manager.

Coach Frank Vogt awarded varsity cross country letters to Captain Eugene Kelly, Fritz Lauenstein and Wolfgang Bach—all seniors. Juniors: John Diamantopoulos and Bill Anthony; and Freshmen Jenny Loud and Jay Beeler. Lauenstein was elected most valuable and Loud received the most improved trophy.

The soccer awards were handed out by Coach Charlie Newell. Seniors winning varsity letters were Co-Captains David Berry and Rainer Rothbacher. Javier Huachuca, Joe Strigl, Dave Evenden, Fumi Kubo and Bud Jerrett. Juniors: Mike Harte, Phil Smith, John Kunkle, Chuck Hurd, Bob Luce, and Tom Pakulski. Sophomores: Kevin Small, Dave Morang, and Manager Sean Connelly. Rothbacher collected the trophy for the best offensive player while Smith received the award for best defensive player. In addition, Smith was elected Captain for the 1978 season. The final award was made to David Berry who was selected by his teammates as the most valuable. Berry did not finish the soccer season as he suffered a broken leg. His outstanding goal keeping abilities were recognized by all the teams in Class C and he was elected by the League as All-Class C Goalie. The respect and praise for Berry by all assembled was shown in the standing ovation that he received after Coach Newell presented the trophy.

55 is not just a maximum effort of enforcing the law with Troopers, unmarked vehicles, radar, and the aircraft, but a maximum effort by each motorist to voluntarily comply to a 55 m. p. h. limit that means 55 m. p. h.," said Col. Weeks. Motorists who exceed the speed limit for any reason—including trying to catch another speeder—are breaking the law, wasting energy and, more importantly, may needlessly become a fatality statistic.

Miss Jo-Anne E. Bickford

HISTORICAL SOCIETY HOLDS ANNUAL CHRISTMAS PROGRAM

A festive atmosphere characterized the annual Christmas program of the Bethel Historical Society held Thursday evening in the meeting room of the Dr. Moses Mason House museum. A tree decorated in the old fashioned way with strings of pop corn and cranberries highlighted the occasion. Also adorning the tree were ornaments some of which dated before the turn of the century.

Many old toys and several dolls were on exhibit around the tree, some dating from the 1890's. The head of the program committee, Mrs. Geraldine Howe, read a short paper on the origin of the Christmas tree in America. Recipes of old holiday favorites were distributed to anyone interested and the refreshments which followed the meeting were longtime Christmas specialties.

Following the Christmas section of the program, Stanley Howe, Curator, who recently visited France, showed slides and spoke of the restorations, museums and adaptive re-use of old buildings in that nation. Howe indicated that the movement to restore old buildings is a strong one with heavy government support. Adaptive re-use is also popular and in Howe's opinion highly successful as the result in Colmar, for example, seem to indicate. Certain museums are particularly innovative according to Howe. One such example is the museum of Popular Art in Paris which provides an imaginative blend of building, people and art.

The wedding will be held Jan. 7, 1978, at the Chapel of Our Lady of the Snows, Bethel.

Itemize House Tax Deductions

One of the great financial benefits of home ownership versus rental is that you are immediately eligible to deduct a good-sized amount of money from your income tax. As a homeowner, you will generally find it to your advantage to itemize deductions rather than taking the standard deduction.

This is especially true during the earlier years of home ownership. The mortgage interest and real property taxes on your personal residence, when added to other deductible items will usually be well in excess of any standard deduction you could claim.

Your home payment may consist of several parts; an amount placed in escrow to pay real estate taxes and fire insurance, FICA mortgage insurance premiums, and an amount applied to reduce the principal of the mortgage. Of these parts, only the interest and taxes are deductible—but that will prove to be a very sizeable figure.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2579. We're here to help!
